

SMALLER FOOTPRINT. BIGGER BUILD FREEDOM.

POWERFUL VENTILATION. COMPACT COMFORT.

When roof space is limited, the MAXXFAN Deluxe 11" delivers trusted Maxxfan ventilation performance in a smaller footprint — so you can build more of what matters.

COMPACT ROOF FOOTPRINT

Fits 11"x11" openings — ideal for tight roof layouts.

INTAKE + EXHAUST VENTILATION

Powerful two-way airflow. Pull fresh air in and push stale air out.

RAIN OR SHINE PERFORMANCE

Built-in Rain Shield and all-weather design let you ventilate with confidence.

AUTO COMFORT CONTROL

Auto Mode starts, stops, and adjusts speed based on cabin temperature.

ONE FAN. MORE ROOF FREEDOM!

Built for the rigs where space is premium real estate.

Compact RVs and overland builds ask every rooftop component to earn its place. The MAXXFAN Deluxe Compact 11" helps preserve valuable roof space while still delivering the comfort and functionality RV owners expect from MAXXFAN.

GREAT FOR

- Class B vans
- Compact trailers
- Small RVs
- Truck campers
- Custom conversions
- Overland-style builds

MAKES ROOM FOR

- Solar panels
- Roof racks
- Hatches
- Antennas
- Storage systems
- Other essential rooftop equipment

BUILT SMALLER. DESIGNED TO OPEN UP MORE POSSIBILITIES.

See how the MAXXFAN Deluxe 11" compares to the MAXXFAN Deluxe.

The MAXXFAN Deluxe 11" gives OEMs, upfitters, dealers, and RV owners a smaller-format ventilation option for applications where a standard 14" roof opening may not be the right fit.

MAXXFAN DELUXE

MAXXFAN DELUXE 11"

	DELUXE		DELUXE 11"
A	4.9"	Closed Height	4.5"
B	8.9"	Open Height	7.5"
C	8"	Back Spacing	7"
	23.2" x 16.56" x 4.9"	Overall Dimensions (LxWxH)	18.35" X 13.35" X 4.5"
	14"	Roof Opening	11"

WHY A COMPACT SIZE MATTERS

SMALLER ROOF OPENING

Fits tight roof layouts.

LOWER OPEN HEIGHT

Helps reduce
rooftop profile.

MORE LAYOUT CONTROL

Leaves room for
additional components.

TRUE MAXXFAN UTILITY

Full-feature 10-SPEED
comfort in a compact size.

MODELS AT A GLANCE

MODELS	MODEL #	COLOR	THERMOSTAT	INTAKE/EXHAUST	ELECTRIC OPENING	CUT OUT DIMENSIONS	ROOF THICKNES	WHITE	SMOKE
	00-07000C	White	✓	✓	✓	11" X 11"	1" – 3.5"		
	00-07500C	Smoke	✓	✓	✓				

THERMOSTAT CONTROL

Set the desired cabin
temperature and let the fan
respond automatically.

ELECTRIC OPENING

Powered lid operation
adds convenience without
manual adjustment.

REMOTE OPERATION

Adjust fan settings from
inside the RV without
reaching overhead.

EASY INSTALLATION

Simple setup with 12V
power and an 11"x11" roof
opening.

MAXXFAN DNA

Compact in size, familiar in
performance, unmistakably
MAXXFAN.
